Supt. Composing Rooms

OFFICE: PORTER BLOCK.
 TELEPHONE 43-2

The Sun is published every morning except Sunday, delivered by carrier in the city, or by mail elsewhere. Postage paid at Gainesville, Fla. Postage paid at Gainesville, Fla. Postage paid at Gainesville, Fla.

Terms: In advance, \$1.00 per month; \$2.50 per quarter; \$7.50 per year. Single copies, 5 cents. For advertising rates, apply to the office.

The Sun is a four-page, forty-column paper, published every Monday and Tuesday, and contains all the news of the local, state and general, and will be sent postage free, to any part of the United States, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise specified in contract. Parties not known to us will be required to pay for advertising in advance.

THE DAILY SUN,
 GAINESVILLE, FLA.

PENSACOLA.

However the fever may affect business in Pensacola, says The Journal, the business men of the city all realize, we think, the importance of maintaining a bold front as well as putting up a bold fight to suppress the disease.

The only way to maintain that bold front to the public is through the newspapers. The public and the outside world generally will judge of the effect of the fever here, entirely by the appearance of the newspapers—they will have no other way to determine it. If the newspapers maintain their regular appearance, well and good; if they fail to do so, the city itself will be the sufferer.

The business men of the city are to be congratulated on their proper appreciation of the situation. The adequate support of a newspaper is not a large thing to each one of them individually, but it means in the aggregate a great deal to the newspaper which is reflecting to the public every day the spirit and the enterprise of the city itself.

FLORIDA STOCK.

Each issue of The Stockman, published at DeFuniak Springs, and The Florida Fruit and Truck Grower, published at Ocala, have recently contained illustrations of the fine stock—particularly cattle—that are attracting the attention of the farmers of Florida at the present time. The introduction of choice grades of cattle into the State shows excellent judgment on the part of the farmer, for it costs no more to produce a high grade cow or beef animal than it does the native breeds.

The demand for these cattle for the beef market will increase every year as the country develops, and as this State will supply the Cuban markets with beef, there will be room for many more to engage in this industry with profit. Every year the fodder crops are being improved, and cattle will pay as well as cotton or corn in this State.

NO MISFITS.

There are no misfits in Gainesville. We have men in office that are fitted for the positions they occupy, and there is no internal discord about matters of public interest. The head of the city government fills his place with dignity and for the city's welfare, the other officials are quite as efficient, and all seem to work for the same end—the betterment of our city. No city in Florida is making more steady progress than Gainesville, and it is simply because there are no men connected with the municipality that are working for anything but its best interests. Where all are united for the welfare of the city there can be nothing but success follow their efforts, and it is a fact beyond contradiction that within the corporate limits of the city, among the men who have the manipulation of its affairs, Gainesville has "no misfits."

Japan's purchases from the United States in the fiscal year just closed amounted to \$51,724,726, an increase of \$27,000,000 over 1903. Her sales to the United States aggregated \$52,113,372, an increase of \$5,600,000.

Atlanta is still receiving refugees, in spite of the State Health Board. They come by way of Nashville.

The Japs are beginning to sober down a little and have stopped fighting each other.

Railroad ties dipped in a solution of creosote will last many years longer.

Norway is having a hard time to fill on "kings up."

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, O.
 Sold by all druggists, 75c.
 Take Hall's Family Pills for constipation.

SUNSTROKES.

There are many people in this world who never try to build themselves up, preferring to tear down others.

A man from the North was asked if he was a Democrat, when he replied that he was, believing in a future existence. That settled it.

Sunstroke is not always fatal, but they are sometimes very warm. Those under this heading are only cast about for the good they may do.

The man of nerve says "please allow me a little space in your paper," and then proceeds to rattle off a column on "yellow fever epidemics."

The dirt will soon commence to fly on the Panama Canal, as the Government is going to advertise for men to work. The proper way to get help.

The Florida mosquito is much livelier than those of the North. He is so quick and his harpoon so sharp, that he will make a thrust and get away before the average mortal has a chance to strike.

A man wants to know what causes seasickness. He prefers an ocean trip to rail, but is seasick every time he goes by steamer. If he will only keep out of the poker games on the boat he will not be so sick at sea.

A Battle Creek, Mich., health food is claimed to be "stronger than meat." If it is stronger than some we have met at boarding houses during our checkered career, we will pass up the health food and send for the scavenger.

The man who never spent a summer in Florida does not know very much about the pleasures of this life. It is the best remedy in the world for a man that is getting hump-shouldered. Nothing will cause him to brace up more than the warm weather of summer in this climate.

It can be said to the credit of Gainesville, that there is less politics talked here than in any other town in the State. The people are too busy to talk politics out of season, and while some other places have been warring over who will be the next Governor, the business men of this city are planning what is for the best interests of our town.

A Serious Mistake.

It is a serious thing to neglect your heart.

The moment you detect any weakness or irregularity, such as short breath after exercise, palpitation, fluttering, weak or hungry spells, pain in breast, side or shoulder, or uneasiness when lying on left side, you should take Dr. Miles' Heart Cure; it rarely ever fails to relieve all these symptoms.

If not promptly restored, chronic heart disease soon develops, and then it only remains for some sudden strain to completely exhaust the heart.

Thousands of hopeless cases have been cured, and if you do not try it, it will be the greatest mistake of your life.

"When I began taking Dr. Miles' Remedies I was in a very bad condition. I had stomach trouble, with severe distress after eating. My heart hurt me, and I had shortness of breath, palpitation. My pulse was irregular, and my feet, ankles and hands were swollen. Every month at regular periods I had severe pain. I wrote Dr. Miles Medical Co., and they advised me to take Dr. Miles' Restorative Nervine and Heart Cure. I took nothing but this treatment, and I completely cured myself. I was completely cured. I feel like a different person. In fact I have not felt so well for 20 years."

A. MRS. A. E. WILSON,
 2006 Elmwood, Richmond, Va.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.
